### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 - HEALTHCARE QUALITY AND ANALYSIS

The Healthcare Quality and Analysis Program is responsible for analyzing healthcare quality and costs, making policy recommendations for future health-related needs, conducting research activities in the development of statewide health policy, and disseminating data to various audiences. In addition, this program produces risk-adjusted reports on hospital and physician outcomes, current healthcare policy issues, and analyzes and makes recommendations on specific issues affecting the quality or cost of healthcare.

The California Health Policy and Data Advisory Commission advises OSHPD on the collection and reporting of health facility data, public access to data, regulations, risk-adjusted outcome studies, and health planning issues. The Commission holds hearings for health facilities appealing fines for delinquent data submission and for applicants of the Cal-Mortgage Loan Insurance Program, and makes recommendations to the Director of the Office.

The Rural Health Policy Council promotes coordinated planning and policy development among state departments and between the State and local public and private providers, conducts public hearings in rural communities for the purpose of soliciting and receiving input from these communities, including input from rural hospitals, rural clinics, healthcare service plans, local governments, academia, and consumers.

#### 30 - HEALTHCARE WORKFORCE

The Healthcare Workforce Program supports development and expansion of primary care and allied health training throughout the state and promotes recruitment of students into health professions. It includes the following program areas:

- Health Workforce Pilot Projects Program-Provides the opportunity for healthcare related organizations to demonstrate, test and evaluate new or expanded roles for healthcare professionals or new healthcare delivery alternatives prior to amending regulations or laws. Under this Program, trainees in approved pilot projects are exempted from other provisions of law. Pilot project results help guide changes to the Business and Professions Code.
- Song-Brown Healthcare Workforce Training Program-Grants funds to family practice residency, nurse practitioner, physician assistant, and registered nurse training programs to increase the number and improve the distribution of these professionals in underserved areas of the state.
- Health Careers Training Program-Liaisons between public and private partnerships to promote recruitment, training, placement, and retention of health providers in California.

\* Dollars in thousands, except in Salary Range.

## 4140 Office of Statewide Health Planning and Development - Continued

- Shortage Designation Program-Liaisons between the federal government and healthcare provider sites applying for designation as a Health Professional Shortage Area (HPSA) or a Medically Underserved Area/Population (MUA/P). These designations enable clinics to be eligible for assignment of National Health Service Corps Personnel or apply for Rural Health Clinic (RHC) certification Federally Qualified Health Center Look-Alike certification, and New Start/Expansion Program.
- National Health Service Corps/State Loan Repayment Program (SLRP)- Increases the number of primary care physicians, dentists, physician assistants, nurse practitioners, nurse midwives, and mental health providers practicing in designated HPSAs. SLRP is authorized to repay educational loans of health professionals, who in turn must obligate themselves for service in public or private non-profit entities for a minimum of two years and maximum of four years in direct patient care.
- Health Care Workforce Clearinghouse (Clearinghouse)- Established to serve as the central source of healthcare workforce and education data in the State. The Clearinghouse is responsible for the collection, analysis, and distribution of information on the educational and employment trends for healthcare occupations in the State. The Clearinghouse will be fully implemented in 2012.
- Health Professions Education Foundation (a non-profit public benefit corporation)-Provides scholarships, loan repayments, and programs to health professional students and graduates who agree to provide direct patient care in a medically underserved area of California for 2 to 3 years.

### 42 - FACILITIES DEVELOPMENT

The Facilities Development Program regulates the design and construction of health facilities to ensure the facilities are safe and available to provide care to the community in the event of a major disaster.

### 45 - CAL-MORTGAGE LOAN INSURANCE

The Cal-Mortgage Program is modeled after federal home mortgage insurance programs, and insures loans to public and non-profit healthcare facilities for construction, renovation, and expansion projects. The Program facilitates access to private capital at no cost to taxpayers and has helped healthcare providers enhance the delivery of healthcare throughout California since 1972.

The Program underwrites loans, makes insurance recommendations to the Advisory Loan Insurance Committee, monitors the Cal-Mortgage insured loan portfolio, and administers the Health Facility Construction Loan Insurance Fund. The Program also administers loan payback provisions of Fire Protection Loans and the Eminent Domain Certificate Program for health facilities.

### 60 - HEALTHCARE INFORMATION

The Healthcare Information Program collects and maintains an ongoing repository of uniform and objective information about the costs, charges, capacity, and utilization of health facilities, as well as the services provided and patients served by these facilities. This information is used by the public, the Legislature, and various OSHPD programs, such as the Healthcare Quality and Analysis Program, to fulfill its goals and mission.

### 80 - ADMINISTRATION

Administration provides overall management, planning, policy development, legal, legislative, information technology support and administrative services to the OSHPD.

**4170 Department of Aging**

The Department's mission is to promote the independence and well-being of older adults, adults with disabilities, and families to improve quality of lives by offering:

- Access to information and services.
- Opportunities for community involvement.
- Support to family members providing care.

As the designated State Unit on Aging, the Department administers Older Americans Act programs that provide a wide variety of community-based supportive services as well as congregate and home-delivered meals. It also administers the Health Insurance Counseling and Advocacy Program. The Department also contracts directly with agencies that operate the Multipurpose Senior Services Program, and certifies Adult Day Health Care centers for the Medi-Cal program.

The Department administers most of these programs through contracts with the state's 33 local Area Agencies on Aging (AAAs). At the local level, AAAs contract for, and coordinate this array of community-based services to older adults, adults with disabilities, family caregivers and residents of long-term care facilities.

isolation of the elderly and providing a link to other social and supportive services such as transportation, information and referral, escort, employment, and education.

**20 - SENIOR COMMUNITY EMPLOYMENT SERVICE**

The federal Senior Community Service Employment Program, Title V of the Older Americans Act, provides part-time subsidized training and employment in community service facilities for low-income persons, 55 years of age and older. The program also promotes transition to unsubsidized employment.

**30 - SUPPORTIVE SERVICES AND CENTERS**

This program provides supportive services including information and assistance, legal and transportation services, senior centers, elder abuse prevention, and in-home services for frail older Californians as authorized by Titles III and VII of the Older Americans Act. The services provided are designed to assist older individuals to live as independently as possible and access the programs and services available to them.

**40 - SPECIAL PROJECTS**

This program includes the Multipurpose Senior Services Program (MSSP), Adult Day Health Care (ADHC) Program, and Community-Based Service Programs. The MSSP program provides health/social case management in order to prevent premature and unnecessary long-term care institutionalization of frail elderly persons. The ADHC Program is a community-based day program that provides a variety of health, therapeutic and social services to restore or maintain optimal capacity for self-care of frail older persons and adults with functional impairments. The Department certifies ADHC centers for participation in the Medi-Cal Program. The Community-Based Services include the Health Insurance Counseling and Advocacy Program.

#### 15 - ALCOHOL AND OTHER DRUG SERVICES

The Alcohol and Other Drug Services Program assists counties in providing appropriate prevention, treatment, and recovery services to help Californians have healthy lives free of alcohol and other drug-related problems and become contributing members of their communities. In addition to ensuring compliance with state and federal statutes, the Department provides program oversight for state and federally-funded programs, maintains agreements with counties to monitor performance measures and spending related to federal maintenance of effort requirements, and implements projects consistent with specific Department objectives.

To meet this responsibility, the Department performs the following functions:

- Service Delivery System-Design, maintain, and continuously improve a statewide infrastructure for the delivery of community-based alcohol and other drug prevention, treatment, and recovery services, as well as problem gambling prevention and treatment services. This is achieved through ongoing partnership with county governments and in cooperation with numerous private and public agencies, organizations, and groups.
- System Financing-Provide efficient and effective systems of obtaining, allocating, administering, and accounting for local, state, and federal funds used in the alcohol and other drug system.
- Quality Assurance-Ensure that service providers maintain compliance with basic facility and program standards. The Department licenses and/or certifies a range of programs including residential treatment centers and outpatient programs, clinics for narcotic replacement therapy, and Driving Under the Influence educational programs.
- Alcohol and Other Drug Prevention-Maintain a prevention program designed to avert, reduce, and eliminate alcohol and other drug-related problems among California's children, youth, and adult populations.
- Information Technology-Develop an information infrastructure that supports the goals, strategies, and operations of the Department and its stakeholders.

#### 30 - DEPARTMENTAL ADMINISTRATION

The objective of the Administration Program is to provide overall management, planning and policy development, and legal, legislative, audit, and administrative services to the Department.

### MAJOR PROGRAM CHANGES

- The Governor's Budget proposes savings of \$550 million in 2010-11 through a redirection of state and local funds to support children enrolled in programs administered by the Department of Social Services and the Department of Developmental Services. This proposal requires voter approval and would target resources to high-priority state programs that would otherwise require General Fund support.

### MAJOR PROGRAM CHANGES

- Federal Funding - The Budget includes \$4.0 billion in General Fund savings due to increased federal funding, which includes advocating for the following: (1) \$1.8 billion by increasing California's base Medi-Cal federal funding to 57 percent, (2) \$1.2 billion by continuing the enhanced funding provided by the American Recovery and Reinvestment Act of 2009, and (3) \$1.0 billion through continued federal flexibilities.
- Medi-Cal Cost Containment Strategies - The Budget includes \$750 million in savings as a result of a number of program changes, including limits on services and utilization controls providing for increased beneficiary cost sharing, and other programmatic changes similar to what other states are doing.
- AB 1383 - The Budget includes \$560 million in General Fund savings by using Chapter 627, Statutes of 2009 (AB 1383) fee revenue to offset General Fund expenditures for children's Medi-Cal coverage (AB 1383 allows up to \$80 million per quarter for this purpose). This is based on all seven quarters of revenue being available in 2010-11.
- Program Reduction - The Budget includes \$292 million in reductions by: (1) Eliminating full scope benefits for certain immigrants (\$118 million), (2) Eliminating the optional Adult Day Health Care benefit (\$104 million), (3) Deferring one weekly payment to institutional providers (\$55 million), and (4) Rescinding a statutory rate increase for Family Planning services (\$15 million).
- Anti-Fraud Initiative - The Budget includes \$26.4 million in net savings by establishing 38 positions to implement an anti-fraud initiative focused on areas of potential concern such as pharmacy, transportation, medical equipment, and physician services.

This proposal would take effect May 1, 2010 after appropriate provider and beneficiary notification.
- Reduce Healthy Families Program Benefits and Increase Premiums - As a General Fund savings measure of \$21.7 million, the Governor's Budget proposes the elimination of vision coverage as a benefit of the Healthy Families Program. In addition, monthly premiums for families with incomes from 151 percent to 200 percent of the federal poverty level would be increased by \$14 per child (\$42 maximum per family with 3 or more children). These proposals would take effect July 1, 2010 after appropriate provider and beneficiary notification.

## PROGRAM DESCRIPTIONS (Program Objectives Statement)

## 10 - MAJOR RISK MEDICAL INSURANCE PROGRAM

Major Risk Medical Insurance Program - provides health coverage to residents of the state who are unable to secure adequate coverage for themselves and their dependents because insurers consider them to be "medically uninsurable" -- at high risk of needing costly care. The program procures coverage for subscribers through participating health plans. Subscribers pay monthly premiums and the program subsidizes the remaining costs.

## 20 - ACCESS FOR INFANTS AND MOTHERS PROGRAM

Access for Infants and Mothers Program - provides comprehensive health care to pregnant women and educates women about the dangers of tobacco use. Only pregnant women whose family income is between 200 and 300 percent of the federal poverty level are eligible for the program. Pregnant women with incomes below 200 percent of the federal poverty level are eligible for the Medi-Cal program. The AIM Program provides coverage through participating health plans and covers eligible women through their pregnancy and 60 days postpartum. Subscribers pay a premium equal to 1.5 percent of their family income and the plan subsidizes the remaining cost of coverage.

## 40 - HEALTHY FAMILIES PROGRAM

Healthy Families Program - provides health coverage for eligible children up to age 19 in families with incomes up to 250 percent of the federal poverty level that are not eligible for Medi-Cal because of income. The program provides comprehensive health, dental and vision benefits through participating plans. Families pay a monthly premium and the program subsidizes the remaining cost of coverage.

## 50 - COUNTY HEALTH INITIATIVE MATCHING FUND PROGRAM

County Health Initiative Matching Fund Program - provides health coverage for eligible children up to age 19 in families with incomes between 250 and 300 percent of the federal poverty level that are not eligible for Medi-Cal or the Healthy Families Program. Coverage is provided through county-sponsored insurance programs, which provide comprehensive benefits similar to the Healthy Families Program. Program costs are funded by matching county expenditures with federal funds for participating counties that have been approved by the federal government. The Managed Risk Medical Insurance Board manages the intergovernmental transfer of federal funds, and the counties administer the program.

**4300 Department of Developmental Services**

The Department of Developmental Services is responsible under the Lanterman Developmental Disabilities Services Act for ensuring that persons with developmental disabilities receive the services and supports they need to lead more independent and productive lives and to make choices and decisions about their lives. The Department ensures coordination of services to persons with developmental disabilities; ensures that such services are planned, provided, and sufficiently complete to meet the needs and choices of these individuals at each stage of their lives, regardless of age or the degree of their disability; and, to the extent possible, accomplishes these goals in the individual's home community.

The Department sets broad policy and provides leadership for developmental services statewide; establishes priorities, standards, and procedures within which the developmental services program operates; monitors, reviews, and evaluates service delivery; and ensures remediation of problems that arise. Services are delivered directly through Developmental Centers and state-operated community facilities, and under contract with a statewide network of 21 private, nonprofit, locally-based community agencies known as regional centers.

The Department's goals are to:

- Expand the availability, accessibility, and types of services and supports to meet current and future needs of individuals and their families.
- Develop systems to ensure that quality services and supports are provided.
- Facilitate the dissemination of information to improve services and supports and the lives of people with developmental disabilities.
- Ensure the Department, state Developmental Centers, regional centers, and service providers comply with all applicable federal and state laws, regulations and contracts, including accounting for their funding in an appropriate manner.

The Department provides developmental services to eligible persons through two programs: Community Services and Developmental Centers. Since Department programs drive the need for infrastructure investment, the department has a related capital outlay program to support this need. For the specifics on the Department of Developmental Services' Capital Outlay Program see "Infrastructure Overview."

### 4300 Department of Developmental Services - Continued

**PROGRAM DESCRIPTIONS (Program Objectives Statement)**

10 - COMMUNITY SERVICES PROGRAM

Through the network of regional centers, the Department supports the development and maintenance of services for eligible persons with developmental disabilities who reside in the community. The needs of individuals who reside in state-operated facilities are assessed and community resources are developed to assist those who would be more appropriately served in the community. The regional centers directly provide or coordinate the following services and supports in accordance with Individual Program Plans: (1) information and referral, (2) assessment and diagnosis, (3) counseling, (4) lifelong individualized planning and service coordination, (5) purchase of necessary services included in the individual program plan, (6) assistance in finding and using community and other resources, (7) advocacy for the protection of legal, civil, and service rights, (8) early intervention services for infants and their families, (9) prevention program for at-risk infants and toddlers, (10) family support, (11) planning, placement, and monitoring for 24-hour out-of-home care, (12) training and educational opportunities for individuals and families, (13) community education about developmental disabilities, and (14) habilitation services.

The Department monitors regional centers to ensure they operate in accordance with statute, regulations, and their contract with the Department.

20 - DEVELOPMENTAL CENTERS PROGRAM

The Department operates four Developmental Centers: Fairview (Orange County), Lanterman (Los Angeles County), Porterville (Tulare County), and Sonoma (Sonoma County). Secure treatment services are provided at Porterville Developmental Center. The Department operates an outpatient clinic at the Agnews site. The clinic provides safety net primary care and dentistry services for former Agnews residents. In accordance with the approved closure plan, Agnews Developmental Center stopped providing 24 hour care in March 2009. In addition, the Department leases two facilities for persons who require specialized behavioral interventions: Sierra Vista, a 58-bed facility in Yuba City, and Canyon Springs, a 63-bed facility in Cathedral City. The Sierra Vista Community Facility is expected to close by February 2010. Services at all facilities except the Agnews Outpatient Clinic involve the provision of active treatment through residential and day programs on a 24-hour basis, including appropriate medical and dental care, health maintenance activities, and assistance with activities of daily living, training, education, and employment.

The primary objectives of the Developmental Centers Program include providing care, treatment, and habilitation services in the most efficient, effective, and least restrictive manner to all individuals referred to the Developmental Centers Program by the regional centers, and/or the judicial system; and providing services to individuals that ensure increased independence, maintenance or improvement of health and welfare, and enhanced personal competence and effectiveness in all areas of daily living.

The Developmental Centers Division provides central administrative and clinical management services to the four Developmental Centers, the two leased facilities, and the Agnews Outpatient Clinic to ensure the quality of services provided, compliance with state licensing and federal certification requirements, protection of consumers and staff, and maintenance of facility structures and grounds. Areas of responsibility include the development of policy and procedures for all aspects of the Developmental Centers operations, law enforcement and protective services, facility population management, program and fiscal oversight, and facilities planning and support.

35 - DEPARTMENTAL ADMINISTRATION

The objective of this program is to provide overall management, planning and policy development, and legal, legislative, audit, and administrative services to the Department.

## INFRASTRUCTURE OVERVIEW

The Department of Developmental Services is responsible for the operation and maintenance of the facilities under its control, including the four state-owned and operated 24-hour care facilities and their buildings, grounds and infrastructure. The four active state-owned facilities comprise approximately 4.6 million gross square feet on 1,986 acres. The facilities are used to aid the Department's mission to provide medical, dental, and nursing care; supervision; active treatment; education and vocational training for residents with developmental disabilities. The Department also continues to be responsible for the maintenance of the buildings, grounds and infrastructure of Agnews Developmental Center, which stopped providing 24-hour care in March 2009. Agnews will be maintained in a warm shut-down mode until the facility is sold or transferred and no longer under the Department's control. The Department also leases two small state-operated community facilities but is not responsible for infrastructure or maintenance of these facilities.

**4440 Department of Mental Health**

The California Department of Mental Health leads the state's mental health system, ensuring the availability and accessibility of effective, efficient, and culturally competent services. Advocacy, education, innovation, outreach, understanding, oversight, monitoring, quality improvement, and the provision of direct services accomplish this mission.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of Mental Health's Capital Outlay Program see "Infrastructure Overview."

#### LEGAL CITATIONS AND AUTHORITY

##### DEPARTMENT AUTHORITY

Welfare and Institutions Code, Divisions 4-8 (commencing with Section 4000).

#### MAJOR PROGRAM CHANGES

- The Governor's Budget includes a reduction of \$452.3 million General Fund and a substitution with Mental Health Services Act (Proposition 63) funding for the EPSDT program and a portion of the Mental Health Managed Care program. This requires amending the non-supplantation and maintenance of effort provisions of Proposition 63. Implementation of this proposal will require passage of a voter initiative.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 - COMMUNITY SERVICES

The Community Services Program coordinates delivery of mental health treatment and support services. Community Services sets overall policy for the delivery of mental health services statewide; develops and oversees performance contracts with county mental health departments; monitors compliance with state and federal statutes; and administers various state-funded programs and projects. Funding assists counties in providing a broad array of mental health treatment and rehabilitative services in a local setting that promotes recovery and integration into the community for clients with mental illness and children and youth with serious emotional disturbance. Producing measurable outcomes is essential to the success of the Community Services Program. This includes consumer satisfaction strategies and enhancing cost-effectiveness by improving clinical efficacy, implementing recovery principles, and valuing a coordinated services approach to serving children, youth, adults, and older adults.

Community Services also provides statewide leadership and oversight for implementation of the Mental Health Services Act, which funds various local programs that expand community mental health services to children, youth, adults and older adults who have severe mental illnesses. Efforts include:

- Expand recovery and resiliency mental health services to children, youth, adults and older adults who have severe mental illnesses.
- Implement the Prevention and Early Intervention program to reduce stigma, conduct outreach on recognizing early signs of mental illness, and reduce negative mental health outcomes such as suicide, incarceration, homelessness, school failure, unemployment and foster care.
- Develop innovative programs to improve access to high-quality mental health services.
- Expand capital facilities and address technology needs.
- Recruit, retain, and train additional staff to provide mental health services.

#### 20 - LONG-TERM CARE SERVICES

The Long-Term Care Services Program administers the California state hospital system, the Forensic Conditional Release Program (CONREP), the Sex Offender Commitment Program, and the treatment and evaluation of judicially and civilly committed and voluntary patients. The state hospital system includes five state hospitals: Atascadero, Metropolitan, Napa, Patton and Coalinga. In addition, this program includes two inpatient psychiatric programs, one at the California Medical Facility in Vacaville and one at Salinas Valley State Prison, which provide treatment services to California Department of Corrections and Rehabilitation (CDCR) inmates. This program also provides services to juvenile justice wards of CDCR at the Southern Youth Correctional Treatment Center in Norwalk.

#### 35 - DEPARTMENTAL ADMINISTRATION

Departmental Administration provides an array of services to support the Community Services and Long-Term Care Services Programs in meeting their objectives. Services provided include: budgeting, accounting, contracts and procurement, fiscal systems, information technology, personnel, labor relations, business services, local program financial support, and Health Insurance Portability and Accountability Act compliance.

## 5160 Department of Rehabilitation - Continued

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 - VOCATIONAL REHABILITATION SERVICES

The Vocational Rehabilitation Services Program delivers vocational rehabilitation services to persons with disabilities through vocational rehabilitation professionals in district and branch offices located throughout the state. In addition, the Department has cooperative agreements with state and local agencies (education, mental health, and welfare) to provide unique and collaborative services to consumers. The Department operates under a federal Order of Selection process, which gives priority to persons with the most significant disabilities.

The Department also provides comprehensive training and supervision to enable persons who are blind or visually impaired to support themselves in the operation of vending stands, snack bars, and cafeterias. Pre-vocational services are provided by the Orientation Center for the Blind to newly blind adults to prepare them for basic rehabilitation services.

Persons with disabilities who are eligible for the Department's vocational rehabilitation services may be provided a full range of services, including vocational assessment, assistive technology, vocational and educational training, job placement and independent living skills training to maximize their ability to live and work independently within their communities.

The Department's Community Resources Development Section works with public and private organizations to develop and improve community-based vocational rehabilitation services for the Department's consumers. The Department sets standards, certifies Community Rehabilitation Programs and establishes fees for services provided to its consumers.

#### 30 - INDEPENDENT LIVING SERVICES

The Department funds, administers and supports 29 non-profit independent living centers in communities located throughout California. Each independent living center provides services necessary to assist consumers to live independently and be productive in their communities. Core services consist of information and referral, peer counseling, benefits advocacy, independent living skills development, housing assistance, personal assistance services, and personal and systems change advocacy.

The Department also administers and supports the Traumatic Brain Injury (TBI) Program. Seven service providers throughout California provide a coordinated post-acute care service model for persons with TBI, including supported living, community reintegration, and vocational supportive services, in coordination with consumers and their families.

The Department also serves blind and deaf-blind persons through counselor-teacher services, purchase of reader services, and community-based projects to serve the elderly blind.

#### 40 - ADMINISTRATION

The Administration Program provides overall management planning, policy development, and administrative support services to departmental programs.

## 5175 Department of Child Support Services - Continued

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 - CHILD SUPPORT SERVICES

The Department of Child Support Services is the single state agency designated to administer the Title IV-D state plan. The Department is responsible for providing strong state leadership to ensure that all functions necessary to establish, collect and distribute child support in California, including securing child and spousal support, medical support and determining paternity, are effectively and efficiently implemented. Eligibility for California's funding under Temporary Assistance to Needy Families (TANF) Block Grant is contingent upon continuously providing these federally required child support services. Further, the Child Support Program operates using clearly delineated federal performance measures, with minimum standards prescribing acceptable performance levels necessary for receipt of federal incentive funding. The objective of the Child Support Program is to provide an effective system for encouraging and, when necessary, enforcing parental responsibilities, by establishing paternity for children, establishing court orders for financial and medical support, and enforcing those orders so that children receive financial and medical support as ordered.

#### 10.01 - Child Support Administration:

The Child Support Administration program is funded from federal and state funds. The Child Support Administration expenditures are comprised of local staff salaries and benefits, operating expenses and equipment, and electronic data processing maintenance and operation costs. The federal government pays 66 percent and the state pays 34 percent of the Child Support Program costs. In addition, the Child Support Program earns federal incentive funds based on the state's performance in five federal performance measures.

#### 10.03 - Child Support Automation:

Federal law mandates that each state create a single statewide child support automation system that meets federal certification. There are two components of the statewide system. The first is the Child Support Enforcement (CSE) system and the second is the State Disbursement Unit (SDU). The CSE component contains tools to manage the accounts of child support recipients and to locate and intercept assets from non-custodial parents who are delinquent in their child support payments. The SDU provides services to collect child support payments from non custodial parents and to disburse these payments to custodial parents.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 16 - WELFARE PROGRAMS

The Department's public assistance programs provide financial assistance to California residents who are unable to support themselves. This program is comprised of five components:

- California Work Opportunity and Responsibility to Kids (CalWORKs)
- Other Assistance Payments, including Foster Care, Adoption Assistance Program, Refugee Cash Assistance, and Food Assistance Programs
- Supplemental Security Income/State Supplementary Payment Program
- County Administration and Automation Projects
- Disaster Relief

The objectives of this program are to provide temporary financial assistance to eligible needy and dependent persons to enable achievement of self-sufficiency or to provide safe living environments for vulnerable adults and children, and to monitor, administer, and improve the quality of all welfare services.

#### 16.30 - CalWORKs:

The CalWORKs program is California's version of the federal Temporary Assistance for Needy Families (TANF) program. CalWORKs is California's largest cash aid program for children and families and is designed to provide temporary assistance to meet basic needs, such as shelter, food, and clothing, in times of crisis, while encouraging personal responsibility. CalWORKs includes specific welfare-to-work requirements and provides supportive services, such as child care, to enable an individual to meet these requirements. Child care services are provided through a three-stage system to current and former CalWORKs recipients with children through the age of 10 (or up to 12 under certain conditions). Stage One is administered by the Department of Social Services. The Department of Education administers Stages Two and Three. Parents have the right to choose child care among center-based, family child care home, or license-exempt providers. CalWORKs families are then able to meet both goals of moving from welfare into the work force and engaging children in child care and development services.

#### 16.65 - Other Assistance Payments:

The Foster Care program provides support payments for children in out-of-home care. This program is administered by the counties in accordance with regulations, standards, and procedures set by the Department of Social Services as authorized by federal and state law.

The Adoption Assistance Program provides ongoing support for families wanting to adopt children who, because of their ethnic background, race, color, language, physical, mental, emotional or medical handicaps, age, or because they are a sibling, have become difficult to place in adoptive homes. This program encourages adoptions of children who would otherwise remain in long-term foster care by removing financial barriers for these families.

Refugee Cash Assistance is provided to refugees, asylees, certain Amerasians from Vietnam, and certified victims of human trafficking who do not qualify for CalWORKs or Supplemental Security Income, and to Cuban/Haitian Entrants who are eligible to receive assistance through the Entrant Cash Assistance program. Benefits are available for a maximum period of eight months.

The Food Stamp Program, federally referred to as the Supplemental Nutrition Assistance Program (SNAP), provides for improved levels of nutrition among eligible low-income households by offering them a benefit amount, posted to a debit card, for the purpose of purchasing food. The cost of food stamp benefits is borne entirely by the United States Department of Agriculture (USDA). The Food Stamp Employment and Training Program requires certain non-assistance food stamp recipients to participate in employment and training activities.

The Department also administers the state-only California Food Assistance Program to provide food stamp benefits to legal immigrants who meet federal Food Stamp eligibility criteria except for their immigration status.

The Emergency Food Assistance Program provides USDA commodities, as well as surplus fresh fruits and vegetables donated by California farmers and businesses, to local food banks for distribution to the working poor, low-income, unemployed, and homeless persons. This program is supplemented by food purchased by food banks using contributions made by taxpayers to the Emergency Food Assistance Program Fund through a state income tax checkoff.

#### 16.70 - Supplemental Security Income/State Supplementary Payment Program:

The Federal Supplemental Security Income (SSI) program provides cash grant assistance to aged, blind, or disabled persons who meet the program's income and resource requirements. California supplements the federal SSI payment with a State Supplementary Payment (SSP). The SSI/SSP program is administered by the Federal Social Security Administration which determines eligibility, computes grants, and disburses the combined monthly payment to recipients.

#### 16.75 - County Administration and Automation Projects:

Federal, state, and county governments share the cost of operating expenses and the salaries and benefits of county staff who administer public assistance programs. County Administration for CalWORKs is in Program 16.30.

Federal, state, and county funds are used to finance major data automation projects of the Department of Social Services.

#### 16.90 - Disaster Relief:

The objective of the Disaster Relief Program is to provide monetary assistance to individuals and households who have suffered eligible losses from a Presidentially-declared disaster that are not covered by other federal, state, or private

## 5180 Department of Social Services - Continued

assistance programs.

### 25 - SOCIAL SERVICES AND LICENSING

The Department of Social Services monitors and oversees the operational program aspects of social services programs through the development of policy, regulations, and procedures for the delivery of services to clients, and the monitoring and evaluation of services delivered.

#### 25.15 - In-Home Supportive Services:

The In-Home Supportive Services (IHSS) program provides services to enable eligible persons to remain safely in their own homes as an alternative to out-of-home care. Eligible persons are aged, blind, or disabled persons who receive federally funded Medi-Cal or otherwise meet the program's income and resource requirements. There are now three programs that provide in-home care: the Personal Care Services Program, the IHSS Plus Option Program, and the IHSS-Residual Program.

#### 25.20 - Recipient Supplementary Payment:

The Recipient Supplementary Payment program provides supplemental payments to individuals who are participating in either the Personal Care Services Program or the IHSS Plus Waiver Program when their Medi-Cal share of costs are higher than their IHSS-Residual share of costs.

#### 25.30 - Children and Adult Services and Licensing:

The Children's Services component consists of three major areas: Child Welfare Services, Adoptions, and Child Abuse Prevention.

Child Welfare Services provides emergency response, family maintenance, family reunification, and permanent placement services for abused and neglected children and their families. The program also provides for training and technical assistance for administrators and staff.

The Adoptions Program: (1) provides agency (relinquishment) adoption services through five state offices and twenty-eight licensed county adoption agencies; (2) conducts studies of all independent adoption placements through seven state offices and three county adoption agencies; (3) reimburses licensed private adoption agencies for expenses incurred in placing special needs children; and (4) provides adoptive home recruitment activities through directly provided and contracted services.

The Child Abuse Prevention Program provides funding, training, and technical assistance for the development and sustainability of child abuse prevention outreach programs/activities and early intervention programs/services for at risk families and their children.

The Department also has County Services Block Grant funding which includes Adult Protective Services. In this program, counties provide appropriate Adult Protective Services to California's functionally impaired dependent adults and the aged who live in their own homes.

The Community Care Licensing Division serves the most vulnerable people of California to promote the health, safety, and quality of life of each person in community care through the administration of an effective collaborative regulatory enforcement system.

#### 25.35 - Special Programs:

The Department has several special programs that include the following: Specialized Services, Access Assistance to the Deaf, and Refugee Assistance Services.

### 26 - TITLE IV-E WAIVER

The Title IV-E Waiver Capped Allocation Project (CAP) is a federal waiver demonstration project in California. This project will provide participating counties with flexibility in their use of federal and state foster care maintenance and administrative funds that were previously restricted to payment for the care and supervision of children in out of home placements and administrative expenditures. Under the CAP, participating counties will receive a capped allocation of their Title IV-E funds to provide direct services to children and families.

### 35 - DISABILITY EVALUATION AND OTHER SERVICES

The objective of this program is to determine an applicant's medical and/or vocational eligibility for disability benefits and provide administrative services to other agencies.

#### 35.15 - Disability Evaluation:

The Disability Evaluation Program determines the medical, vocational, and/or functional eligibility of California residents applying for benefits under Title II (Disability Insurance), Title XVI (Supplemental Security Income), and Title XIX (Medicaid) of the Social Security Act. Eligibility is determined by the severity of the individual's physical and/or mental impairment(s) and overall ability to engage in substantial gainful employment.

#### 35.25 - Services to Other Agencies:

In addition to providing support services for its programs, the Department of Social Services provides general administrative services, such as personnel and accounting to the State Council on Developmental Disabilities and the Health and Human Services Agency. The Department provides services to the Medi-Cal Program in the form of state hearings and public information services.

## 5180 Department of Social Services - Continued

## 60 - ADMINISTRATION

The objective of the Administration program is to provide overall management, planning, policy development, and administrative support services to other departmental programs.

## 5195 State-Local Realignment

In the 1991-92 fiscal year, State-Local Program Realignment restructured the state-county partnership by giving counties increased responsibilities and funding for a number of health, mental health, and social services programs. Realignment provided counties with dedicated tax revenues from the state sales tax and vehicle license fee to pay for these changes.

### PROGRAM DESCRIPTIONS (Program Objectives Statement)

#### 10 - STATE-LOCAL REALIGNMENT

The objectives of Realignment are to assign program responsibility to the most appropriate level of government, either state or local, and achieve improved service levels with broad discretion given to the responsible entity. Realignment provides for greater funding stability for selected programs, increased local flexibility in administering these programs, and productive fiscal incentives to encourage cost-effective approaches to providing services.

Total Realignment revenues are comprised of sales tax and vehicle license fee revenues. Revenues are deposited into the Local Revenue Fund, which includes several accounts. Funds deposited in these accounts are continuously appropriated for allocation to local governments according to formula and are used to fund programs specified in realignment legislation. The legislation also includes local maintenance of effort and matching requirements in order to ensure that counties do not use the realigned funds to supplant local expenditure levels prior to realignment. This provision ensures compliance with other state and federal statutes which, in turn, provide hundreds of millions of dollars annually for county health, mental health, and alcohol and drug programs.
